WELCOME!!

POLO - fast-paced, daring and challenging - is truly an exciting spectator sport. Oftentimes dubbed "The Sport of Kings", (you do know Prince Charles, don't you?), polo in the Charlottesville-Albemarle area is not only for those born with a silver stirrup for a teething ring, but for just plain anyone who enjoys the sport whether actually astride a polo pony or simply relaxing with family and friends around the arena on a brisk autumn afternoon or a languid summer evening. We are, indeed, fortunate to have good area polo clubs; and on behalf of the Junior League of Charlottesville I would like to welcome you to what surely will prove to be an exciting event.

The Junior League is particularly pleased to be sponsoring this match. Not only does it give us the opportunity to raise funds for the Charlottesville-Albemarle Community but to promote voluntarism as well. As you look around you'll realize that we are privileged to work with many fine agencies. Without them the quality of life in our community would certainly suffer. These groups are the "true heroes". Oftentimes understaffed and under financed, they are always willing to help those who need them. While the League would like to give them all the sun and the moon we find ourselves sometimes limited to 1 or 2 volunteers and/or a grant. What we can do, however, is advocate So, while you're perusing this program why don't you pick out an agency and decide to volunteer your time, expertise, money (or all three!). Everyone's good for something, and, believe me, the League loves you for it!!!

FACT SHEET

The members of the Junior League of Charlottesville, Inc.
would like you to know how we serve our community:

WE ARE COMMITTED...

Our members have contributed their time and skill to more than 300 area agencies. Skills learned through Junior League training translate directly to further community involvement.

WE ARE PROFESSIONAL...

The many League training programs and considerable experience of our membership result in a high level of professionalism in all our activities. In addition, nearly 70% of our 230 active members are professionally employed in the Charlottesville community.

WE ARE EFFECTIVE...

In one of our most exciting projects, the Heart Saver Program, 30 volunteers have trained over 2,000 students in cardio pulmonary resuscitation — CPR — within the last two years. Over \$115,000 has been returned to the Charlottesville/Albemarle community through our projects in the past 5 years. Since 1979 alone, the Junior League of Charlottesville has contributed over \$15,000 each to the following projects: University of Virginia Pediatrics, Community Attention Homes, Children's Museum, and the Heart Saver (CPR) program.

WE ARE RELIABLE...

This year marks our 51st anniversary in serving the Charlottesville/Albemarle community; we plan to celebrate many more to come! The Opportunity Shop, started in the 1930's, provides a much-needed service — offering reasonably priced clothing and other items to the community and income to the consignors. The League's proceeds are channeled back into various community projects and services.

WE ARE CONCERNED...

Our members keep informed of issues at local, state and national levels. Our general membership meetings include speakers such as the Secretary of Education for Virginia, the Mayor of Charlottesville, and the Charlottesville and Albemarle County School Superintendents. We have many members involved in various community organizations and activities, often on boards of directors.

IN A NUTSHELL

POLO -- the galloping game -- is as interesting and exciting to watch as it is to play. Success -- or failure -- depends on three factors -- a horse that is fast and will turn, stop and take off quickly; hitting the ball with the mallet long and straight, using 8 different strokes; team play -- each of the three players always in position to receive a pass and cover an opponent. The ball needs to be hit long and straight toward the goal or saved from crossing the goal line.

CAROL LEE SCHWAB

Illustrations done for the Junior League were done by local artist, Carol Lee Schwab. She is a recent graduate of Virginia Commonwealth University with a Bachelor of Fine Arts Degree in Commercial Art & Design. Horses are a favorite subject and she gets plenty of exposure working for Felix Nuesch of Rehberg Farm. Her grandfather, John A. Schwab, played polo for West Point and was rated a 0 goaler for a number of years after graduation. Carol's favorite medium is watercolor with color pencil. She will accept work on commission.
